

November Prayer Points

November 2013 Prayer Points

This has been one of the most amazing months I can recall since this ministry was conceived. We have been for the last few weeks working relentlessly as a team to finish writing what will be The Prayer Relay Movement's premier book publication. The book is titled 100 Daily Declarations and is scheduled to be published the 1st of December. The goal that the Lord has set on our hearts for this publication is to reach a million readers as well as raise money to support children's charities in the Philippines. The book will be available to download in various eBook formats, as well as pdf. Hard cover copies can be made available on request. The eBook will be available as free downloads as well as in various eBook stores for those of us who would like to support our cause for the Philippines children. I would also like to take this chance to invite you to join us in fasting and prayer from the 10th of November until the 1st of December which is when the book is published. We want to pave way for the Lord to use this book to do the mighty work that he has set it out to do. Various media portals have begun to open their doors for reviews and interviews. We want to pray that the Lord would continue to create a wider platform for his word in this book to reach many people.

Here's what one man had to say about this book: "**You are about to be blessed out of your socks** and challenged by the truth of the Word of God hence this devotional is a must have and a must read for every believer regardless of how long you have been a Christian or how often you read the Bible. It is THE quintessential Bible guide for the 21st Century Believer."

You don't want to miss God's move through this book; marriages will become, his grace will shower his people. Those who do not know will begin to recognise and know his grace. This month we are praying for Wisdom. Without further delay let's take a bow:

Dear Lord

We are grateful for all you have done through us and in us. We thank you for continuing to lead us. We commit this mighty work into your hands, that it may be a blueprint of your will. Father we seek your wisdom in this time and age where foolishness is at rife. You said if we sought you, we would indeed find you. Thank you Jehovah

Amen
