

Prayer Points for March (Prayer Relay Movement)

The Prayer Relay Movement

When God sowed this idea in me I was so excited, however I kept procrastinating and making excuses until God questioned me on my obedience. At that moment I knew it couldn't wait any longer. I put the word out, got people involved, and began to pray about it. All was well until someone asked me, "So how exactly does this work?" That was a defining moment for me, I realised that all this while I had been following God's direction but had never stopped to question him on how this would work. I didn't question him still. I let it bug me until he made things clearer in his own time. I am glad you're reading this because what God is about to do through you and me is "insane," for lack of a better word.

You will be a catalyst for revival, for healing, for love and much more. Through your prayers your hand will be stretched by God to touch those that you can not reach physically. I know many people have told you to mark a date in your calendar...you need not mark 1st of March 2012, because what follows this date is greater than we can imagine or comprehend. It is not going to be easy; I'll have you know now. Psalm 34:19 says, "Many are the afflictions of those who get close." The enemy will launch an onslaught on your finances, on your health, on every thing that you love. I will assure you that the mighty hand of our Lord will deliver you. As I always say, "There needed to be a storm for Christ to calm it." There need to be storms in your life for him to show his strength. Remember, Prayer is submitting all earthly affairs to heavenly intervention, God will show his strength when you surrender it all. That being said WELCOME TO THE PRAYER RELAY MOVEMENT...where we run our race and God moves on our behalf.

Remember do not worry about what time zone you are in...We are all in God's time zone. Invite someone to pray with you as we believe for more and more believers in this movement. Each prayer point covers 20minutes, such that there are 3 prayer points for each hour. Pick a time or times that you can commit to for prayer every day, when you have done so kindly email your name, city, country and the times you will pray to mkwnyd@gmail.com or simply put it in the comment section on www.guardianrecords.blogspot.com.
